## Clean-up and restoration work carried out

To be eligible for assistance your primary production business **must have suffered direct flood damage as a result of Ex-Tropical Cyclone Ellie or direct storm damage as a result of Tropical Cyclone Ilsa**; which may include damage to outbuildings, crops, pasture, stock, fencing and/or tools of trade (ie plant and equipment).

In some cases the primary producer may not be the land owner and both may wish to claim assistance. For example, the land owner may be responsible for the restoration of buildings, while the primary producer (lessee/share farmer) may be responsible for stock and crops. In these cases a joint claim may be lodged. Where a joint claim is made between the primary producer and the land owner, the maximum amount of assistance is that of a single grant split between the primary producer and the land owner.

Please note that you are **not** able to claim:

- loss of income (from destroyed crops or death of livestock)
- cost of using your own labour, your existing staff or your own equipment
