2025 Community Stewardship Grants - Large Application

The Community Stewardship Grants are an initiative of the Western Australian Government managed through the State Natural Resource Management (NRM) Program at the Department of Primary Industries and Regional Development (DPIRD). The grants are designed to facilitate the conservation and sustainable management of the State's natural resources by supporting local community groups to undertake stewardship of natural resources in their local area.

Please read the 2025 State NRM Program Community Stewardship Grant Guidelines provided at the link below *before* you complete this form.

The 2025 Guidelines have been revised from the previous grant round with a number of changes across limitations of activities, including funding request limits, and Aboriginal engagement.

Download: [2025 Community Stewardship Guidelines](#) (2.7 MB PDF)

For your application to be considered under the Community Stewardship Grants you must demonstrate that you meet the eligibility criteria; meet the assessment criteria; and have provided certain information on the templates provided throughout.

Other documents which may assist you to develop a competitive application are available to download from the links below:

Download:

Instructions

Applications must be submitted no later than 12.00 noon AWST on Monday, 7 April 2024. Late applications will not be accepted without extreme extenuating circumstances (such as declared disasters).

- Unless specifically stated, all questions are compulsory.
- Please access and use the templates provided in each section - these have also been updated from the previous grant round, and some are compulsory.
- Complete each section as fully as possible and allow yourself time to review the application before the due date.

For your convenience, a Microsoft Word version of this application is available to download at the link below. This document may be used to prepare your answers which can then be pasted into the form. Please that formatting such as dot points will paste into the online form as Plain Text, so may not appear as expected.

- the final costed workplan on the template provided with sufficient information to enable assessment of value for money and relevance to the project, including details of all costs, co-contributions and outputs
- letters of support or commitment from each contributing organisation (cash or other resources or effort) which confirms the detail of what is being contributed, and the value of that co-contribution
- landholder permissions to access land where the project involves works (noting that signed Landholder Agreements will be required as a milestone deliverable for any successful project)
- detailed maps of on-ground activities which show the works planned and the landscape scale context, if relevant
- indicative quotes for any services provided by a third party, such as contractors, consultants, speakers*
- indicative quotes for grant funded assets*
- plans, diagrams, or other evidence of the strategic intent of the project
- copies of any documents that you have referenced in the body of the application
- additional written information or imagery which can provide further context or detail to support the application.

*If not provided with the application, successful applicants may be required to provide these during the contracting process prior to funds being released.

Please ensure attachments are labelled meaningfully so it is clear what the file contains.

For queries about the guidelines, deadlines, or questions in the form, please contact the State NRM Office on (08) 6551 4428 during business hours or email snrmo@dpird.wa.gov.au.

Eligibility and applicant details

* indicates a required field

2.1 Are you eligible to apply?

To be eligible you must be able to meet the criteria below.

If you answer 'None of the above' to any question in this section, or you are unsure about what a question means, please contact the State NRM Team on (08) 6551 4428 during business hours or email snrmo@dpird.wa.gov.au before proceeding with your application as you may be ineligible to apply for this grant.

If your organisation is **unincorporated** (with or without an ABN) you are ineligible to apply directly for this funding, and require a Sponsor.

What type of Applicant is your organisation? *

- ☐ Aboriginal community organisations including Registered Native Title Bodies Corporate (RNTBC) ☐ Local Government Authority
- ☐ Charity or Not-for-profit company or trust ☐ Primary or Secondary School

2025 Community Stewardship Grants - LARGE

- ☐ Co-operative or Production Group
- ☐ Incorporated Association (not for profit)
- ☐ Land Conservation District Committee
- ☐ Recognised Biosecurity Group
- ☐ Regional or community NRM organisation
- ☐ None of the above - ineligible to apply

Which WA NRM Framework priorities are you addressing? (select all that apply) *

- ☐ Sustainable management of land resources
- ☐ Maintain and enhance water assets
- ☐ Protect and enhance the marine and coastal environment
- ☐ Conserve and recover biodiversity
- ☐ Enhance skills, capacity, and engagement
- ☐ Deliver high quality planning that leads to effective action
- ☐ None of the above - ineligible to apply

2.2 Are you receiving any other State NRM Program funding?

Applicants with existing State NRM Program grants must be up to date with all reporting and contractual requirements by the closing date of this grant round to be eligible to apply for new funds through the State NRM Program.

Applicants with outstanding progress reports, variations or final reports/financial acquittals at the closing date of this grant round WILL NOT be considered for funding.

Do you have any current State NRM Program grants (including acquittals)? *

- ☐ Yes - please answer next question
- ☐ No - go to Section 2.3

Are you up to date with all reporting and contractual requirements including progress reports, variations and final acquittals from current State NRM Program funded projects, including return of unspent funding? *

- ☐ Yes - please continue
- ☐ No - you may not be eligible to apply. Please Contact State NRM Office to discuss.

2.3 Acknowledging the Western Australian Government's State NRM Program

All projects funded in full or in part by the State NRM Program must correctly acknowledge the funding provided by the Western Australian Government as outlined in the guide provided at the link below.

This also applies to recipients of devolved grant funding.

Download: [State NRM Program Funding Acknowledgement Guide](#)

Should my application be successful, I understand and agree to correctly acknowledge the State NRM Program in all instances including, but not limited to, the examples listed in the State NRM Program Funding Acknowledgement Guide.

2.5 Is there any conflict of interest?

Applicants must declare and describe any conflict of interest (actual, perceived or potential).

A conflict of interest is a situation arising from a conflict between the performance of duties or activities as a member of an applicant organisation, sponsored organisation, or contractor, and an individual's private or personal interests, including financial gain. These interests can also be indirect such as those involving family, friends, or associates.

Declarations help to ensure conflict of interest can be managed openly and transparently. They do not rule out a project from consideration.

Is it possible that you, your organisation, a sponsored organisation or an affiliate have a conflict of interest in this application? *

- ☐ Yes
- ☐ No

Please describe the situation. You should identify who has the interest, the nature of the association and any actions you have taken to mitigate this conflict of interest.

Word count:

Must be no more than 100 words.

Sponsorship details

*** indicates a required field**

3.1 Sponsorship (applying on behalf of another organisation)

Unincorporated groups (with or without an ABN) or incorporated groups without an ABN can seek a project Sponsor, which is an eligible organisation that applies on behalf of the unincorporated association (also known as auspicing).

The Sponsor is deemed to be the Applicant Organisation.

2025 Community Stewardship Grants - LARGE

Sponsorship arrangements have specific conditions, and the contract for the Funding Agreement, should the application be successful, is with the Sponsor, who also receives and distributes the grant funding.

Are you applying as a Sponsor on behalf of another organisation? *

- ☐ Yes
- ☐ No

Incorporation and ABN status for sponsorship availability

Considering the organisation/s to be sponsored, select the most relevant option below:

- ☐ Organisation is unincorporated and does not have an ABN - sponsorship option is available. Please continue.
- ☐ Organisation is unincorporated but does have an ABN - sponsorship option is available. Please continue.
- ☐ Organisation is incorporated but does NOT have an ABN - sponsorship option is available. Please continue.
- ☐ Organisation is incorporated and has an ABN - sponsorship option is NOT available. The organisation must apply in their own right if otherwise eligible.
- ☐ Organisation is a different entity (sole trader, business, individual, partnership, etc) - sponsorship option is NOT available.

Sponsorship agreement

As a Sponsor, you are deemed to be the Applicant Organisation. You must complete and attach a signed Sponsorship Agreement for each unincorporated organisation being sponsored, using the template provided at the link below.

On-ground activity mapping

Will your project involve on-ground activities? *

- ☐ Yes
☐ No

Site maps

At least one map illustrating your on-ground activities must be provided.

Good mapping helps the assessors to understand what you are trying to do. Mapping should include:

- individual maps that clearly identify the activities for each project site; and
- an overarching project map that places the project site/s in a landscape setting.

Accepted file formats include PDF, JPEG and PNG. Shape files will not be accepted. Please ensure each file is appropriately labelled so that it is clear what each map relates to.

4.7 Strategic alignment

Please name and attach or provide a URL link to any relevant plans or strategies that your project aligns with.

Name of plan or strategy	Plan attachment	URL link (if applicable)
		Must be a URL.

4.8 Project risks

Identify the risks associated with the Project (that the applicant can reasonably control or influence) and include issues that may prevent the Project progressing or that may hinder the achievement of the Project outcomes being achieved. Consider and explain the steps you will take to minimise the impacts of each stated risk.

Likelihood:

Low - Unlikely to occur during the project period and with little impact on the project

Medium - Possibility of occurrence and with some impact on the project

High - Very likely to occur during the project period with potentially heavy impact

Please complete the Risk Assessment table below, or attach a copy of your Risk Management Plan to your application.

Workplan, budget and co-contributions

* indicates a required field

5.1 Workplan

The workplan is a Microsoft Excel spreadsheet. It is a valuable planning tool to set up what resources and budget will be required to undertake the project activities, and who will be funding those resources. It is a critical component of the application that helps determine if the project is properly planned and costed, and shows the project's overall value for money.

Applicants MUST use the updated Microsoft Excel template provided in the link below. The template includes instructions and a worked example, for reference. Without a completed workplan on the correct template, your application will not be considered. Attach the completed workplan below.

If you do not have access to Microsoft Excel, please contact the State NRM Program Office on (08) 6551 4428 during business hours or email snrmo@dpird.wa.gov.au.

In the workplan, applicants must:

- Provide detail on how each expense relates to activities and project delivery
- Show a cost for all expenses and resources EXCLUDING GST
- Consider the funding request limits for certain activities
- Limit the request for administration and overhead expenses to a maximum of 15% of the project's total grant request for all *other* activities
- List all co-contributions of cash and other resources, including the source, quantity and estimated value (do not include GST)
- Include at least one measure for each activity (such as, hectares of weed control, kilometres of fencing, number of participants attending an event - please access the Activity Measures and Evidence guide at the link below for more information).

For large projects:

- Provide an annual calendar or financial year breakdown (i.e. one year per page/tab)
- Check that the 'TOTALS' page/tab calculates correctly.

5.2 What is your total grant request

All amounts entered below must match the values in your attached workplan.

Total value of State NRM Program grant request excluding GST *

\$

Must be a whole dollar amount (no cents) and between 50000 and 450000.

What is the total funding support you are requesting in this application?

5.3 Co-contributions

Applications that demonstrate a greater value of co-contributions are preferred because they:

- indicate the project has good support from stakeholders
- demonstrate that considerable planning and effort that has already gone into the project
- illustrate the leveraging power of each dollar of State NRM grant investment.

Applicants should clearly identify, describe, and accurately value all co-contributions in the application and workplan.

The Volunteering WA calculator for individuals and organisations is a useful tool to help determine the full value of volunteer effort. Go to link: <https://www.volunteeringwa.org.au/resources/volunteer-benefits-calculator>

Total value of co-contributions as shown in the attached workplan, excluding GST

*

\$

Must be a whole dollar amount (no cents).

5.4 Co-contribution commitment

If your application involves co-contributions other than volunteer time, you must provide a letter of commitment from each organisation, group, or individual that contains details of their contributions, including what is being contributed, the value of the contribution, and their contact details.

This letter will be used to verify the information in your application and workplan.

Eligible activities justification

* indicates a required field

6.1 Continuing project

Justification will need to be provided as to why this continuation or addition to a previous project will significantly contribute to or improve intended outcomes.

Evidence of the area, scope, and success of previous works will be required to justify why a continuation of funding should be considered. You should include additional mapping to show the extent of past works, information regarding the success of previous projects, and detail on how this application will add value and build on past success.

Is this proposed project a continuation of any previously or currently funded State NRM Program grant? *

- ☐ Yes - please answer the following question
☐ No

Please provide the project number/s and project title/s that this application will build on. Please justify why continued funding is needed; why is it important to continue these activities?

Word count:

Must be no more than 250 words.

Outline what previous projects have achieved and how this application will add value and build on past success.

Please attach (upload) maps, documents or other evidence that will demonstrate the impact so far, and the need for continued funding.

Attach a file:

Attach (upload) files one at a time.

6.2 Devolved grants

Devolved grants are a particular type of grant in which a lump sum of money is awarded to the applicant organisation, if successful. The applicant then runs their own Expression of Interest or Grant Application and assessment process prior to awarding funds/materials to private landholders to deliver the proposed works. There are specific requirements for devolved grants. Please see the guidelines for more information.

Must be no more than 250 words.

How will you assess and approve the devolved grants? What are the selection or prioritisation criteria to ensure sites are strategic?

Word count:

Must be no more than 250 words.

Please attach (upload) guidelines, application and assessment documents that will demonstrate how you will run (or have run) the devolved grants process.

Attach a file:

Attach (upload) files one at a time.

6.3 Salaried activities

If you are applying for grant funds to undertake salaried activities such as coordination, facilitation, project management or communication, you will need to provide solid justification to support your request. Salary and on-costs requests must be commensurate with the nature and scope of the project.

There are limitations on the funding that can be requested for salaried activities.

- The request for any grant funded base salary must not exceed \$101,000 per annum pro rata (excluding GST and on-costs) in the first year and must not exceed an annual increase of 3% per annum in future years.
- Salary on-costs (such as superannuation, leave expenses, payroll tax and workers compensation insurance) must not exceed 25% of the grant funded salary expenses (excluding GST).
- The total of all grant funded positions must not exceed 1.0 FTE (full time equivalent) in any calendar or financial year of the project.
- Applicants must provide a sufficient level of detail on the work the grant funded positions will be doing to justify the request (this can be provided in the workplan or separately).
- Salary and salary on-costs should be itemised separately in the workplan.

2025 Community Stewardship Grants - LARGE

- ☐ Will be recruited
- ☐ Already employed part-time; funding will be used for additional hours
- ☐ Already employed but current funding due to cease

Please justify how this employee funding request will benefit overall project outcomes; what would happen if the funding was not available? *

Word count:

Must be no more than 150 words.

6.4 Consultants, contractors, and suppliers

Grant funding can be used to engage consultants and contractors, or purchase materials. The costs for engaging contractors or consultants must be commensurate with the nature and scope of the project. It is essential to provide sufficient detail to show value for money.

Indicative quotes from service providers and suppliers demonstrate that the project budget is well-researched, and that the applicant has considered value for money when choosing their preferred provider. Quotes should specify the cost of the services and provide a detailed breakdown of what will be delivered.

If not provided with the application, successful applicants may be required to provide fully detailed quotes as a condition of funding.

PLEASE NOTE that if an applicant organisation, its members, staff, or an affiliate intend to provide consulting or contracting services to the project, this should be noted in the 'conflict of interest' section of the application and the questions below should be completed.

Will grant funds be used to engage contractors or consultants, or purchase materials? *

Business name	Name of consultant/ contractor or contact person	Services or materials to be provided	Quote or other evidence

6.5 Applicant as a service provider/consultant

An Applicant may provide additional grant-funded services to the project, such as weed spraying or planting labour, however this must be fully justified.

Is your organisation proposing to provide a service to this project? *

- ☐ Yes - provide details below
- ☐ No

Please justify why your organisation should be considered the preferred provider of the service. Ensure that you also complete the Conflict of Interest declaration at Section 2.5. *

This can include evidence about the competitive rate or advantage that is offered over other providers (e.g. location, prior experience).

6.6 Aboriginal Rangers, Elders, and Traditional Owners

Applicants planning to contract work to Aboriginal Rangers must clearly outline how the services provided to the project consist of 'new' work outputs that are not funded through other means.

State NRM Program funding can be used to engage and support Traditional Owners and Aboriginal Elders to participate in consultation, NRM events and work activities on Country that relate directly to an NRM outcome. Note that funding *excludes* sitting fees for boards or committees.

Will you be contracting work to Aboriginal Ranger group(s)? *

- ☐ Yes - provide details below
- ☐ No

Please identify which Aboriginal Ranger group/s will you be working with, and what services they will be providing.

6.7 State or Federal government services

If you are requesting grant funds to purchase government services, then this must be fully justified. Expenses to cover the salary or on-costs of Western Australian or Australian Government employees are ineligible for funding.

Are you requesting funds to purchase services provided by State or Federal government agencies? *

- ☐ Yes - provide details below
☐ No

Please identify which agencies you will be working with, the services to be provided, and describe why these services are essential to the project.

6.8 Assets

An asset is any single item of a **transferrable** physical nature that, if approved, will cost \$2,500 or more, or a collection of smaller items which are purchased together from the same supplier as a system. Examples include grooming traps, trailers, vehicles, drones or scientific equipment. Permanent infrastructure such as fencing or signage are not considered assets.

Each asset must be listed in the workplan and, if the application is approved, up to two written quotes may be required before making the purchase.

2025 Community Stewardship Grants - LARGE

Form Preview

At the end of the project, the asset will remain with the grant recipient, however, it must continue to be used for the purpose for which it was originally approved, or made available to the wider NRM community in that area.

Will you be using grant funds to purchase assets over \$2,500? *

- ☐ Yes - provide details below
- ☐ No

Please provide detail of each asset over \$2,500 including what it is, what it will cost, and why it is essential to the project.

Stakeholder engagement

* indicates a required field

Consultation with stakeholders

One of the key assessment criteria is evidence of local community involvement in each phase of the project lifecycle at design, planning and implementation, including consultation with Aboriginal people.

Including evidence of stakeholder engagement shows the assessment panel that the project is well planned and supported by the community.

PLEASE NOTE that DPIRD may contact stakeholders to verify information as part of due diligence during the assessment process.

7.1 Consultation with Aboriginal people

Applicants are no longer required to contact representatives of the Aboriginal community relevant to the Country on which they are working as part of the application process, unless there is a requirement under Native Title or Aboriginal Heritage legislation.

It is the responsibility of the Applicant to comply with relevant legislation.

Applicants are encouraged to include Aboriginal engagement and consultation within their project implementation design, and to request funding to cover relevant costs, as appropriate.

Do you have the necessary approvals and clearances required under the following legislation? *

7.3 Landholder permissions

Applicants must obtain permission from the land owner and/or manager of each project site.

If there are multiple sites, then you must identify land tenure and management for each site.

Please attach evidence that you have in-principle permission to work on each property. For example, a letter of commitment or copy of an email stating that permission is given. You should ensure your landholders are aware of their commitments before they give permission for work on their property.

Successful applicants will be required to provide a signed Landholder Agreement with each landholder as a condition of funding.

7.4 Biosecurity and animal welfare

Protecting areas from pest plants, animals and diseases is highly desirable. This program encourages groups to apply for these kinds of activities, however, it is also imperative that all appropriate licenses, permits, or permissions have been sought and appropriate consultation has been undertaken.

Please see Appendix B of the Guidelines for further information on the requirements of activities which relate to biosecurity or animal welfare, including research.

Invasive Species (pest plants, animals or diseases)

To ensure that funds requested through this program do not duplicate the work of Recognised Biosecurity Groups (RBGs), evidence of consultation with the relevant RBG must be included, including information regarding priority species, and how the project will complement or extend activities already being undertaken by the RBG.

Are invasive species being addressed by your project's activities? *

8.1 Monitoring, evaluation, reporting and evidence

Monitoring and evaluation activities are critical to being able to tell if your project's activities are addressing the goals of your project. The establishment of a monitoring and evaluation framework is an important first step in planning for and verifying if the project has been successful.

Monitoring your project as it progresses also provides essential evidence that the activities of the project have been successfully undertaken. Evidence of achievement is a requirement of reporting under the State NRM Program.

There are many different ways of monitoring, however, the level of monitoring should be consistent with the size and scope of the project. Some important points to consider when preparing your application:

- basic monitoring activities (such as fixed-point photo monitoring, drone photography or photos and registrations) should be included in any project coordination and management expenses
- purchase of equipment for monitoring (such as remote sensing cameras) may be considered for funding.

If you have developed a Monitoring and Evaluation Framework or Plan, please attach it below.
