2026 Feral Cat Management Grants

Form Preview

The Feral Cat Management (FCM) Grants are an initiative of the Western Australian Government, delivered by the Department of Primary Industries and Regional Development's (DPIRD) State Natural Resource Management Program in partnership with the Department of Biodiversity, Conservation and Attractions (DBCA). The grants are part of a larger program to deliver the Western Australian Feral Cat Strategy across the State.

Grants are available for community-based projects to support feral cat management with conservation outcomes for WA's native fauna and maintain or build the capability of NRM community groups across the State and must address one or more of the objectives of Western Australian Feral Cat Strategy 2023-2028.

For your application to be considered under the FCM Grants you must demonstrate that you meet the eligibility criteria; meet the assessment criteria; and have completed a pre-submission meeting with the State NRM Feral Cats Grant Coordinator and DBCA Feral Cat Strategy Coordinator.

Please refer to the Feral Cat Management Grant Guidelines below before you complete this form.

Instructions

Applications must be submitted by 12 noon AWST on Wednesday 29 April 2026. Late or incomplete applications will not be accepted.

- Unless specifically stated, all questions are compulsory.
- Please access and use the templates provided in each section, some are compulsory.
- Complete each section as fully as possible and allow yourself time to review the application before the due date.

Applications must include:

- the final costed workplan on the template provided with sufficient information to enable assessment of value for money and relevance to the project, including details of all costs, co-contributions and outputs
- letters of support or commitment from each contributing organisation (cash or other resources or effort) which confirms the detail of what is being contributed, and the value of that co-contribution
- landholder permissions to access land where the project involves works (noting that signed Landholder Agreements will be required as a milestone deliverable for any successful project)
- detailed maps of on-ground activities which show the works planned and the landscape scale context, if relevant
- indicative quotes for any services provided by a third party, such as contractors, consultants, speakers*
- indicative quotes for grant funded assets*
- plans, diagrams, or other evidence of the strategic intent of the project
- copies of any documents that you have referenced in the body of the application
- additional written information or imagery which can provide further context or detail to support the application.

*If not provided with the application, successful applicants will be required to provide these during the contracting process prior to funds being released.

Please ensure attachments are labelled meaningfully so it is clear what the file contains.

For queries about the guidelines, deadlines, or questions in the form, please contact the FCM Grants Coordinator via the DPIRD NRM Team on (08) 6551 4428 or email snrmo@dpird.wa.gov.au for assistance.

Pre-submission meeting requirement

All Applicants must arrange and complete an online meeting with DPIRD's State NRM Feral Cat Grants Coordinator and DBCA's Feral Cat Strategy Coordinator before submitting their application. This is an important part of the application process and non-compliance will result in the application not being considered for assessment.

The aim of the meeting is to support applicants, providing guidance on the application proposal's alignment with the grant objectives and priorities, and assistance with application preparation and planning.

The pre-submission meeting should occur no later than 20 April 2026. Meetings can be requested after this date under special circumstances, but applicants should be aware that a meeting after 20 April 2026 cannot be guaranteed. Please contact the State NRM Program on 6551 4428 or at snrmo@dpird.wa.gov.au to arrange a meeting time.

Has the pre-submission meeting been completed? *

Is there any conflict of interest?

Applicants must declare and describe any conflict of interest (actual, perceived or potential).

A conflict of interest is a situation arising from a conflict between the performance of duties or activities as a member of an applicant organisation, partner organisation, or contractor/consultant, and an individual's private or personal interests, including financial gain. These interests can also be indirect such as those involving family, friends, or associates.

Declarations help to ensure conflict of interest can be managed openly and transparently. They do not rule out a project from consideration.

Have you identified any conflict of interest that may arise from funding this project? *

- Yes, or unsure - provide details below
 No

Please describe the situation. You should identify who has the interest, the nature of the association, and any actions you have taken to mitigate this conflict of interest. *

Selection criteria

The merit of each application is assessed against the following criteria:

- Clear methodology, activities and outcomes that address one or more of the objectives of the Western Australian Feral Cat Management Strategy (30%).
- Evidence of local community involvement in each phase of project lifecycle, planning and implementation, including consultation with Aboriginal people (30%).
- A reasonable and well justified funding request that demonstrates value for money (30%).
- Sound planning and ability to manage the project (10%).

Project objectives and outcomes

What are the proposed objectives and expected outcomes of the project? *

Word count:

Must be no more than 300 words.

Outline what you are aiming to achieve with your project including benefits to the environment.

How will you achieve your outcomes? What methodology and activities are you proposing?

Outline the methodology to be used, the activities the project will undertake, and what you plan to deliver as outputs.

How will you know if these outcomes have been achieved? What will have changed by the end of the project? *

Word count:

Must be no more than 200 words.

Describe at least three changes you will see if the expected outcomes of the project occur.

Maintenance of project outcomes

How will the changes achieved by this project be maintained in the future? *

Word count:

Must be no more than 150 words.

Describe the organisations and processes which will be in place to maintain the project outcomes.

Project risks

Identify the risks associated with the Project (that the applicant can reasonably control or influence) and include issues that may prevent the Project progressing or that may hinder the achievement of the Project outcomes being achieved. Consider and explain the steps you will take to minimise the impacts of each stated risk.

Likelihood:

Low - Unlikely to occur during the project period and with little impact on the project

Medium - Possibility of occurrence and with some impact on the project

High - Very likely to occur during the project period with potentially heavy impact

Please complete the Risk Assessment table below, or attach a copy of your Risk Management Plan to your application.

Continuing projects

As the FCM Grants are administered by the NRM Program, if this application continues any previously funded or currently funded State NRM Program project or previous FCM Grant, justification will need to be provided as to why the continuation or addition will significantly contribute to, or improve intended outcomes.

Evidence provided should include mapping and evaluation of past works showing why continued funding is required. Mapping should show change over time. How much impact have you had to date? How much impact do you intend to have this time?

2026 Feral Cat Management Grants

Form Preview

Is the proposed project a continuation of any previously or currently funded NRM Program grant? *

- Yes - please answer the following question
- No - please continue

Please justify why continued funding is needed; why is it important to continue these activities? Please provide the project number/s and project title/s that this application will build on. *

Must be no more than 200 words.

Please attach (upload) maps, documents or other evidence that will demonstrate the impact so far, and the need for continued funding.

Attach a file:

Attach (upload) files one at a time.

Devolved grants (if applicable)

Devolved grants are a particular type of grant in which a lump sum of money is awarded to the applicant organisation, if successful. The applicant then runs their own Expression of Interest or Grant Application and assessment process prior to awarding funds/materials to private landholders to deliver the proposed works. There are specific requirements for devolved grants. Please see the FCM Grant guidelines for more information.

Are you requesting funds to run devolved grants?

- Yes - please answer the questions below
- No - please continue

Why is a devolved grants delivery method considered the best approach? Briefly outline how the devolved grants will work.

Word count:

Must be no more than 200 words.

How will you assess and approve the devolved grants? What are the selection or prioritisation criteria?

Stakeholder engagement

* indicates a required field

Consultation with stakeholders

One of the key assessment criteria is evidence of local community involvement in each phase of the project lifecycle at design, planning and implementation, including consultation with Aboriginal people.

Including evidence of stakeholder engagement shows the assessment panel that the project is well planned and supported by the community.

PLEASE NOTE that DPIRD may contact stakeholders to verify information as part of due diligence during the assessment process.

Consultation with Aboriginal people

Applicants are no longer required to contact representatives of the Aboriginal community relevant to the Country on which they are working as part of the application process, unless there is a requirement under Native Title or Aboriginal Heritage legislation.

It is the responsibility of the Applicant to comply with Native Title and Aboriginal Heritage legislation.

Applicants are encouraged to include Aboriginal engagement and consultation within their project implementation design, and to request funding to cover relevant costs, as appropriate.

Do you have the necessary approvals and clearances required under the following legislation? *

- Yes - Aboriginal Heritage Act 1972 (WA)
- Yes - Native Title Act 1993 (Cth)
- No - please complete question below
- No, not required for this project - please complete question below

At least 1 choice must be selected.

Select all that apply. You may be asked to provide additional details during contracting if successful.

Please provide evidence of approvals and clearances under the Aboriginal Heritage Act and/or the Native Title Act

Attach a file:

If a letter of consent is not yet available, it will be required as a condition of funding.

Please outline how you plan to obtain the necessary approvals and clearances under the Aboriginal Heritage Act and/or the Native Title Act. *

Please very briefly describe why the Aboriginal Heritage Act and/or the Native Title Act do not apply to this project. *

Traditional Owner consultation and involvement

Please identify the Aboriginal people (groups or individuals) that you have consulted with or who will be participating in your project, if this information has not been provided elsewhere in your application.

	Must be a number.	

Landholder permissions

Applicants must obtain permission from the land owner and/or manager of each project site.

If there are multiple sites, then you must identify land tenure and management for each site.

Please attach evidence that you have in-principle permission to work on each property. For example, a letter of commitment or copy of an email stating that permission is given. You should ensure your landholders are aware of their commitments before they give permission for work on their property.

Successful applicants will be required to provide a signed Landholder Agreement with each landholder as a condition of funding. Where lethal feral cat control activities are occurring the section on Lethal activities in the Landholder Agreement must be signed. A template is available to download below.

Successful applications with lethal or baited activities will also be required to provide relevant licenses, permits and approvals as a part of project delivery prior to works starting.

We are aware that DBCA will only be providing Eradicat/Felixer 1080 permit applications after Panel Assessment to successful applicants. However, we require at least evidence of correspondence with DBCA to demonstrate you have discussed your project's proposed use of Eradicat/Felixer.

Successful applicants will be required to provide all relevant licenses and permits as a part of the project delivery, prior to works starting.

What animals (feral or non-target native/domestic) will be affected by your activities, and how will they be impacted?

How are you managing your animal welfare obligations and risks?

Have you contacted DPIRD or DBCA regarding the relevant licenses, permits, or approvals required for your project? What were the recommendations?

Please attach (upload) any licences, permits, approvals, protocols, animal ethics committee decisions or relevant documentation.

Workplan, budget and co-contributions

* indicates a required field

Workplan

The workplan is a Microsoft Excel spreadsheet. It is a valuable planning tool to set up what resources and budget will be required to undertake the project activities, and who will be funding those resources. It is a critical component of the application that helps determine if the project is properly planned and costed, and shows the project's overall value for money.

Applicants MUST use the updated Microsoft Excel template provided in the link below. The template includes instructions and a worked example, for reference. Without a completed workplan on the correct template, your application will not be considered. Attach the completed workplan below.

If you do not have access to Microsoft Excel, please contact DPIRD on (08) 6551 4428 or email snrmo@dpiird.wa.gov.au.

In the workplan, applicants must:

- Include full details of all project activities, resources and costs (DO NOT include GST), particularly those for which funding is requested, with sufficient information and detail to determine value for money and relevance to the project.

2026 Feral Cat Management Grants

Form Preview

- Consider the funding request limits for certain activities, such as project coordination.
- Ensure that an end of project financial audit is described and costed.
- Limit the request for administration and overhead expenses to a maximum of 15% of the project's total grant request for all *other* activities.
- Include at least one measure for each activity (which are the outputs or deliverables for the project such as hectares of baiting, kilometres of fencing, number of participants attending an event).
- Include full details of committed co-contributions of cash and other resources, including the source, quantity and value (do NOT include GST).

Please check that all calculations embedded in the workbook calculate correctly.

Salaried activities

Project coordination and management are eligible activities for Feral Cat Management Grant funding, subject to the following conditions:

- Grant funded salaried positions must not exceed a base salary of \$101,000 per annum pro rata (excluding GST and on-costs) in the first year and must not exceed an annual increase of 3% per annum in future years
- The total of all grant funded positions must not exceed 1.0 FTE (full time equivalent) per annum.
- Salary on-costs (superannuation, leave expenses, payroll tax and workers compensation insurance) must not exceed 25% of the grant funded salary request.
- Applicants must provide a sufficient level of detail on the work the grant funded positions will be doing to justify the request (this can be provided within the workplan or separately).
- Salary and salary on-costs should be itemised separately in the workplan.

Project coordination and management expenses must be commensurate with the nature and scope of the project, as well as the work the positions will be doing, to be considered value for money. Grant requests that are not considered by the Assessment Panel to be commensurate with the activities and work proposed may be reduced.

Applicant as a service provider

An Applicant may provide additional grant-funded services to the project, such as weed spraying or planting labour, however this must be fully justified.

Is your organisation proposing to provide a service to this project? *

- Yes - provide details below
- No

Please justify why your organisation should be considered the preferred provider of the service. Ensure that you also complete the Conflict of Interest declaration.

*

This can include evidence about the competitive rate or advantage that is offered over other providers (e.g. location, prior experience).

Aboriginal Rangers and Traditional Owners

FCM Grant funding can be used to support projects that contract Aboriginal Ranger groups to deliver project activities. Applicants planning to work with Aboriginal Rangers must clearly outline how the services provided to the project consist of 'new' work outputs that are not funded through other means. Aboriginal Ranger groups providing a service to use 1080 products *not* on Native Title lands, must be a Registered Pesticide Management Business.

FCM Grant funding can be used to support Aboriginal Elders and other Traditional Owners to participate in NRM events and work activities on Country that relate directly to an NRM outcome. Detail should be provided on their role in the project. Note that funding *excludes* sitting fees for boards or committees.

Will you be contracting work to Aboriginal Ranger group(s)? *

Assets

2026 Feral Cat Management Grants

Form Preview

Grant funding can be used to purchase a specific asset if it is essential to project delivery.

An asset is any single item of a **transferrable** physical nature that, if approved, will cost \$2,500 or more, or a collection of smaller items which are purchased together from the same supplier as a system. Examples include grooming traps, trailers, vehicles, drones or scientific equipment. Permanent infrastructure such as fencing or signage are not considered assets.

Each asset must be listed in the workplan and, if the application is approved, up to two written quotes may be required before making the purchase.

At the end of the project, the asset will remain with the grant recipient, however, it must continue to be used for the purpose for which it was originally approved, or made available to the wider FCM community in that area.

Please contact the FCM Grants Officer for further information about items that should be considered as assets.

Will you be using grant funds to purchase assets (valued over \$2,500)? *

Evaluation and monitoring of progress

Monitoring, evaluation, reporting and evidence

Monitoring and evaluation activities are critical to being able to tell if your project's activities are addressing the goals of your project. The establishment of a monitoring and evaluation framework is an important first step in planning for and verifying if the project has been successful. Monitoring your project as it progresses also provides essential evidence that the activities of the project have been successfully undertaken. Evidence of achievement is a requirement of reporting under the FCM Grants.

There are many different ways of monitoring, however, the level of monitoring should be consistent with the size and scope of the project. Some important points to consider when preparing your application:

- basic monitoring activities (such as fixed-point photo monitoring, drone photography or photos and registrations) should be included in any project coordination and management expenses
- purchase of equipment for monitoring (such as cameras) may be considered for funding.
